15. Multidisciplinary / interdisciplinary

Our College is affiliated to Punyashlok Ahilyadevi Holkar Solapur University, Solapur. It Offers education in the discipline of Humanities, Commerce and Science. The University already introduced the CBCS pattern and is mandatory for all affiliated colleges. The university has adopted a multidisciplinary and interdisciplinary approach in the introduction of various courses. In Humanities, at B.A. Part I, the subject Scientific Method (S.M.) is introduced as one of the compulsory courses to inculcate a scientific temperament and rational approach in the students. In the faculty of Science, the courses such as Democracy, Elections and Good Governance, and English (Communication skills) are introduced. In the Faculty of Commerce & Management Democracy, Elections, and Good Governance, English (Communication skills) and Environmental Studies are the mandatory courses. In Humanities, the courses Traditional Logic and Cooperation are interdisciplinary courses. The option for post-graduate courses is also provided by introducing Hardcore and Softcore courses. In the light of NEP 2020, the university is in the process of availing more options to the students.

16. Academic bank of credits (ABC):

In the light of NEP 2020, the ABC has been a significant tool for students. Our university has introduced the concept by organizing the workshop on NEP 2020 where in the significance of ABC is underlined. The ABC helps the students to avail the facility of multiple entries and multiple exits. The university is going to make it compulsory for all affiliated colleges to open the ABC ID of all students from the current academic year. By this, the students who will be admitted to the new process of various programs after the proper introduction of NEP 2020 can get the benefit of this bank. The college will also introduce the concept of ABC to all students in the induction program for first-year students.

17. Skill development:

Now, the HEI has to adopt the ongoing trend of skill development courses. Accordingly, our college has adopted the policy to introduce various skill development courses. At present, the college runs twenty-one certificate courses that are designed to develop different skills of the students. All these courses are supportive

to the domain knowledge of various programmes. The skill development certificate courses are all pervasive in three main branches of learning that is Humanities, Science and Commerce. We are introducing more courses in future.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The college runs some courses which impart Indian heritage and culture. In History, a study of Hero Stones is done and the importance of great Indian knowledge is inculcated. The Yoga course also provides knowledge of Indian heritage and culture. The various competitions on Rangoli, Dance, Traditional Folk Culture, Lezim, Traditional Day etc. are some of the events where Indian heritage and culture are seen. The organization of these activities gives exposure to the Traditional Indian Culture and Heritage.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Punyashlok Ahilyadevi Holkar Solapur University, Solapur has introduced the CBCS pattern in all programmes. While designing the syllabus, Outcome of the course is fixed. It helps the learners and the teachers to check the course outcomes and programme outcomes. The attainment of course outcomes and programme outcomes helps the students understand the utility of both the course and programme.

20.Distance education/online education:

The distance education plays an important role in every education system. In fact, those who can not attend regularly, can get the benefit of this mode. In our college, there is a center of Yashwantrao Chavan Maharashtra Open University (YCMOU) that provides education up to degree level. There are two programmes B.A. and B.Com. which are very useful for the socially and educationally deprived class of students.

Online education is also important nowadays. During the Covid-19 Pandemic, our college best exploited this online platform of teaching and learning. Our parent institution " Shikshan Prasarak Mandal, Akluj " has developed SPM application (LMS) for imparting online education to the students of all Schools and Colleges run by it.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college is affiliated to PAH Solapur University. It runs the curriculum prescribed by the university. The syllabi of various classes are revised by the concerned Board of Studies by appointing sub committees of the members from affiliated colleges and other universities and approved by the Academic Council. Every semester of the academic year begins with the staff meeting in which the Principal announces different college internal committees and guides the faculty members about curriculum planning and implementation. IQAC prepares academic calendar of the college and the copies are circulated to every Head of the Departments. Programme-wise time table is prepared by the time table committee. Heads of the Department organize the meetings of the faculty members of the department, in which the academic planning, review of the result of previous examinations, activities to be carried out along with evaluation process are discussed. The entire process of curriculum delivery is monitored by the heads of the departments and the Principal. Faculty delivers curriculum by using various teaching methods and teaching aids. Faculty members prepare their own teaching plans accordingly and the record of it is maintained in their personal academic diaries.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The Academic Calendar of the college is prepared by the committee made for it in consultation with HODs, Chairman of college committees, support services and internal evaluation committee. The academic calendar is provided to all departments and various committees to implement the activities which have been planned for the entire year. All academic departments provide the total plan of teaching, activities to be carried out throughout the year and other important events. The schedule of the Internal Examination is given in the academic calendar. The teachers of all departments prepare their schedules of home assignments, tutorials and other evaluation methods and submit the same to the HODs and same is communicated to the College Internal Evaluation Committee to incorporate in the academic calendar. In the pattern of continuous internal evaluation, the university has provided the basic pattern of university assessment (UA) and college assessment (CA). The process of college assessment includes home assignments, tutorials, seminars, group discussions, projects, industrial visits and study tours, college internal examination. As per planning of College Internal Evaluation Committee, the entire programme of internal evaluation including the time table of internal examination, home assignments, tutorials and seminars etc. is displayed on notice board.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The college is located in a rural area so the students have limited exposure. The geographical area and socio-economic background have become hurdles in the learning process. As a result, most of the students are slow learners; therefore, it has been the academic practice of the college to identify slow and advanced learners and develop a mechanism to guide them in improving their learning level. The principal conducts general lectures in the classes of faculties so as to counsel the students in the aspects of their academic and social background. The remedial course in English is organized for first-year undergraduate students to cope with problems they face in English. Teachers provide information about additional learning material and references to read for advanced learners and they give simple and easy reading material to the slow learners to bring confidence in them. The college has the activities such as remedial coaching, book bank facility, tests and tutorials, home assignments, personal counselling, proper guidance for specific difficulty, question bank, solving of previous question papers, industrial visits and study tours to improve their performance. They are encouraged to participate in various certificate and diploma courses, research competitions, online SWAYAM- NPTEL courses and INFLIBNET facility.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

It has been an endeavour of the faculty members to implement student centric methods, experiential learning, participative learning and problem solving methodologies while dealing with various classes in the college. At the outset, this is done by introducing the proper academic planning. Teachers in the various departments as per the requirement and need of the subject use appropriate and suitable methodologies and approaches in the teaching learning process. The prime objective of these ways is to establish learner centric and learner friendly conducive atmosphere. Various teaching-learning procedures and pedagogical methods employed by the faculty members are:

Experiential learning: The experiential learning method is a part curriculum to develop the learning abilities among the students of science, social science and commerce faculties.

Participatory learning: Faculty members organize various activities and events such as seminars, group discussions, industrial visits, community surveys, participation in seminars/conferences/workshops, research paper reading and writing at PG level etc. to increase the participation of students in various events.

Problem Solving Method: The problem-solving approach plays a seminal role at individualistic level and social level. In the present global scenario, it is important to give appropriate scope to the students in assimilating this approach in academic environment.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Teachers in the college have been practicing effectively and intensively the tools like electronic resources, Information & Communications Technology (ICT) for effective teaching-learning process. All the faculty members are making the use of ICT tools and resources available in the campus. The parent institute has developed two mobile apps, SPM app for teachers and SPM app for students, to make teaching-learning process proactive and student centric, wherein various facilities are made available through which teaching learning process is totally monitored and controlled. Every faculty member has used PPTs and prepared video lectures for students. They are uploaded on YouTube channel and the link of same is given on SPM App. The faculty members also use open resources available on internet such as Video Conferencing (Google Meet, Zoom, Google Classroom, etc.), Testmoz, Google form, e-learning technology, etc. The college facilitates the use of PPTs, LCD projectors, e-books & e-journals, CD library and modern instruments/equipment's in the various laboratories. The college is the local chapter of SWAYAM - NPTEL. So college facilitates the use of UGC SWAYAM video lectures to the UG, PG and research students and Faculty members in order to upgrade their knowledge in the respective fields of learning.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college has developed continuous and comprehensive internal evaluation, called College Assessment (CA), in accordance with the norms and guidelines of PAH Solapur University, Solapur. All streams UG and PG programs have a Choice Based Credit System (CBCS), so CA programme is executed as per the University rules. As the evaluation pattern is semester, the CA programme is also executed twice in the academic year. The college authorities and college examination committee prepare the CA schedule and it is included in the academic calendar and communicated to the students on the central notice board. This CA procedure includes internal theory as well as practical examination, unit tests, tutorials, home assignments, field projects, seminars, orals, industrial/educational visits, attendance, etc. These question papers are prepared in a uniform pattern and as per the guidelines of the University so as to make students aware of university examination pattern.

This internal examination conduction pattern is replica of university examination. For control and prevention of malpractices in the internal examination, the college has appointed internal squad, same as the university examination.

After the evaluation of answer sheets, it is shown to respective student for their queries, which maintains the transparency and accountability in evaluation process.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Examination is an integral part of the education system and student satisfaction is always at the centre of this system whether it may be examination conducted by external agency such as university or may it be college internal examinations.

The internal examinations committee plans and organizes various examinations to assess the domain knowledge in the concerned subjects.

It is as transparent as the university examinations and robust in frequency and implementation.

It also addresses to the grievances of the students, if any.

1.The both university & college level grievances of the students are addressed depending upon the necessity of the grievances.

2.The grievances related to the internal assessment are handled by the internal examinations committee.

3.The college has framed and constituted Grievances Redressal Committee to look into the matter and appropriate measures are taken transparently, sensibly, punctually and within the stipulated time.

4.Internal examination answer sheets are shown to the students after the assessment by the concerned subject teachers for further clarification of the students.

5.The internal practical examinations related grievances, if any, are resolved immediately by the concerned subject teacher and Head of the Department and corrected marks are uploaded on the website of university through college login.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

In any academic institution, the programmes introduced are generally based on the local and global needs of the learners. This is the prime objective of any programme and programme specific objectives and outcomes are stated so as to understand the utility and relevance of it. The programme has general objectives and outcomes whereas each course included in the programme has its own independent objectives and outcomes.

The Board of Studies (BoS) of university is the principal body to look into this matter. It prepares the syllabus for both UG and PG programmes taking into account the local and global need of the students. POs and COs are clearly stated initially in the syllabus. The syllabi and learning outcomes are discussed in departmental meetings with the teachers. The faculty members communicate the programme outcomes and course outcomes to the students at the beginning of the year. The POs and COs focus on developing knowledge and skills of the students which is necessary for building students' creativity, competence and personality.

In short, UG and PG programmes offered by the college cater to multiple interests and needs of the student community and building the human capital needed by the society and nation.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

It is the prime responsibility of the institute to see the progress of the wards. As far as curricular aspects are concerned, the basic criterion is to check the attainment of Programme Outcomes (POs) and Course Outcomes (COs). To realize this POs and COs, the College focuses on human resource as well as physical capital. The college uses various tools where assessment rubrics for direct and indirect assessments are introduced. The student performance data is displayed on notice boards as well as shared in classrooms and

attainment is judged. If the attainment is less than expectations, the concerned faculties try to provide their requirements by arranging supplementary practice such as assignments, practicals, orals, etc. The faculty also has the tradition to establish friendly rapport with the students and this helps the learners to share their difficulties and doubts with the teachers. Attainment of POs and COs is linked to the teaching tools and methodologies, wherein various departments have evolved from the traditional chalk & board teaching methods to experiential or field learning techniques like seminars, workshops, industrial/field visits, historic walk, training programmes, etc.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Our college has good tradition of research and innovation to impart new knowledge, which is created, transferred and shared. There are nine research centers in the subjects of Botany, Physics, Electronics, Zoology, Geography, Economics, English, History and Commerce to pursue research. These research centers are centers of knowledge creation through the activities of research. Twenty six research students have completed Ph.D. from these centers. All the research centers have good tradition of publishing research papers in reputed national and international journals having international parameters such as impact factor and h-index. There are compulsory research projects at M.Sc. and B.Sc. which contribute to the creation of new knowledge. To complete a research project which is the part of syllabus is the beginning of real research. This component of the syllabus helps the students to think towards innovations and creation. It is observed that in many departments the students on their own take part in the research competitions at state level research festival named AVISHKAR. The papers presented by the students have got awards in this festival. The study tours and industry visits are organized to increase the real knowledge of the students.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The College library has purchased Integrated Library Management Software (ILMS) in March/April 2007 developed by INFLIBNET Gandhinagar Gujarat namely as SOUL 1.0. This Software is Web-based Software and updating regularly.

Now, we have updated SOUL 3.0 version into SOUL 2.0 software from July 2022. The library is automated by using this software. All the main functions (modules) of library and management software are Acquisition, Cataloging, Administration, OPAC, Circulation, Serials Control and help. All these functions of library are carried out by using SOUL Software.

From this Software, we can put purchase order, suggestions to & by the students, Cataloguing, services, Transaction (issue, return, renewal, reserve, loss, missing, overdue etc), Book Bank Issue return, Login/Logout, ILL, simple search, member OPAC, System user & group and general master data.

Along with the above mentioned functions, the software is also used to generate various types of reports, membership and member ID card with barcode, photo, validity etc which are necessary for digitalization of the library.

The Cataloging and classification are also done with the help of SOUL 3.0. Thus using this ILMS, Library is automated and working smoothly and efficiently.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

The provision of students' council has been introduced under section 99 in the Maharashtra Public Universities Act. 2016. After implementation of the said act, by this or that reason, the

elections of the student council were not held at state level in all colleges. However, the college has not stopped the process of participation of students in various college level committees and Govt. bodies. The Principal of the college, in consultation with the various heads of the departments or committees, has appointed eligible students in the college level committees such as IQAC, ICC, Anti-ragging committee, NSS, NCC, Annual Magazine, Grievance Redressal Cell, Sports and Cultural committee. Students are given the opportunity to play the anchor role and propose a vote of thanks in the organizations of events in the programmes of concerned departments. Students are also given the opportunity to learn management skills in the programmes of NSS, Sports, NCC and Cultural committee. The 'Teachers' Day' on 5th September is celebrated in all departments and it is entirely organized, managed and conducted by the students. In cultural activities and sports, many of our students have represented the university.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Reflection of Vision and Mission:

The management monitors the entire education process. The College Development Committee guides the college to remain in tune with the motto, vision and mission. The IQAC of the college monitors all activities of the college and plans for various academic, curricular and extra-curricular activities and incorporate them in the annual planning.

The College organizes various functions and events so as to inculcate value-based education among students. There is no distinction on sex, region, religion, caste, creed, class. The College tries to uplift the downtrodden and socio-economically deprived students by providing them with special attention so that no one should give up the track of education. Several schemes such as 'Earn and Learn' and 'Student's Aid Fund' are offered to the needy students. Women empowerment is emphasized through various activities. For this, the college has been awarded with a memento and Rs. 3 lakh for Jagar Janivancha by the Government of Maharashtra in 2013. The post graduate programmes such as M.A. (English, History and Hindi), M.Sc. (Electronics and Agrochemicals & Pest Management) and Ph.D. (9 subjects) are introduced. Outreach programs and extension activities are organized through NSS, NCC and Cultural Department which aim at community development.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

In the institutional practices, the decentralization and participative management play an important role. The Principal gives ample scope to IQAC in monitoring and planning of all academic activities. Hence IQAC, in consultation with Principal, forms various college level committees for the smooth functioning and implementation of activities.

1. The College Development Committee monitors and controls all financial, academic matters and policies of the college.

2. IQAC is the main principal body to monitor and distribute the

work of all committees.

3.The Heads of all subjects are given freedom regarding: Time table, Work distribution, Departmental budget, Purchase of Books, Purchase of Equipments, Leave sanction, Educational tours etc.

4. Separate warden is appointed for girls' hostel to look after admission and other administrative issues. There is in charge teacher for boys' hostel.

5. The Librarian is given freedom regarding the distribution and supervision of work in the library, students' access, rules and regulations of library, purchase of books in consultation with heads and teachers

6. The Heads of various committees are given freedom regarding conducting various meetings, finalizing the programs and implementation of activities.

7. The Registrar of the college is given freedom regarding distribution of work to his juniors.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

Every institute of higher education has its own perspective plan to be implemented as a short term goal and long term goal. In our college there is a committee for Our college has deployed what was planned in academics and physical facilities. Due to growing number of students, number of classrooms was not sufficient. So the college decided to increase the number of classrooms. Indoor stadium was also built to provide facilities of sports. Network Resource Center, Botanical Garden under the guidance of Prof. R.L. Savalajkar are some of the newly added items. In academics the new programmes are planned of which the Ph.D. research centers for English, History and commerce have been started. In short term plan, the RO drinking water facility, Open Gym., due to heavy rainfall in this year new outlet for the water collected on the playground are established.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Shikshan Prasarak Mandal (SPM), Akluj is the parent institution that runs educational institutes and provides education right from pre-primary to Ph.D. degrees. It is the executive body of SPM that controls all branches and our college also is controlled by it. The Principal is the key person who is an academic and administrative head of the institute. He is the secretary of College Development Committee (CDC) as per Maharashtra Public Universities Act 2016. The CDC is the principal body of the college management. It looks into the financial, academic and policy matters. At the same time, the Principal is chairperson of IQAC which is another important body to monitor and execute academic matters and activities. The Principal is directly the chief of all units, committees, academic departments, support services and administrative office. Every head of the department, may it be academic or administrative, works under the guidance of Principal.

1) College Development Committee (CDC)

2) Internal Quality Assurance Cell (IQAC): The Principal is the chairperson of IQAC and one experienced teacher is the coordinator.

3) Academic Departments:

4) Support Services : The NSS, NCC, Cultural Department and Sports are the support services which work for cocurricular and extracurricular activities.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The performance appraisal assessment of teachers is one of the aspects of evaluation of the work done by a teacher in every academic year between June and April. At the end of every academic year, performance appraisal assessment forms are circulated in the form of hard copy and editable soft copy. They are asked to submit completely filled hard copy along with the relevant documents to the

concerned head of the department. The Head of the department with due certification and remarks sends it to the Principal of the institute. These are assessed by the IQAC and the Principal. After the Principals remarks, the IQAC committee confirms API score calculated by the teacher with relevant documents attached with appraisal forms. ASAR format is being used for assessment.

Performance Appraisal of non-teaching staff is done through the confidential reports (CR). The parameters of evaluations are discipline, punctuality, accountability, technical knowledge, administrative skills, emotional integrity and behavior. The CRs are forwarded with proper remarks and recommendations of the Principals to the Management for further necessary action. On the basis of CRs and by applying the rules of the government made for non-teaching staff, the promotions are given to the non-teaching staff.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The parent institution, Shikshan Prasarak Mandal, Akluj, has a well-defined mechanism and policies to monitor the financial matters tuned with policies of the Government of Maharashtra and Central Government of India. Needless to say, the college has to follow all the procedures related to financial business as per the norms and policies of the parent institution, the affiliating University, Government of Maharashtra and Government of India, UGC and other autonomous bodies of the government. The college has well defined strategies for mobilization of funds and optimal utilization of resources. The annual budget is prepared considering the need and requirements of the college against the expected income. The budget is prepared by the concerned section and presented in the College Development Committee (CDC) for suggestions and approval. After seeking the approval of the CDC, the copy of the same is communicated to parent institution. The resources are mobilized from

different sources such as Central Govt. of UGC, Govt. of Maharashtra, the University, Parent institution and the admission fees from the students. For the utilization of resources, there is central purchase committee at parent institution level that invites quotations from eligible parties and the lowest quotation is given the work order.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Journey towards excellence is a continuous process. In any educational institution, updating the previous system and introducing the new items is a crucial phenomenon in the progress and development of it. The Internal Quality Assurance Cell (IQAC) is at the center of academic and administrative planning. The IQAC has been contributing significantly to institutionalize the activities in the direction of quality assurance.

1.Introduction of Skill Development Certificate Courses: As it was the need of time to introduce skill development courses at college level to improve various skills of the students.

2.Restructuring of College Committees for Quality Enhancement: IQAC observed the fact that there is a need to restructure the college level committees for effective functioning of the overall business of the college.

3. Submission of SSR and NAAC peer team visit.

4. Organization of workshops, seminars, and conferences.

5. Online teaching through SPM Application.

6. Academic Administrative Audit.

7. Feedback analysis from various stakeholders.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Academic and Administrative Audit of the educational institute is an important aspect of the evaluation of incremental growth of it. The IQAC of the college monitors this growth by implementing effective mechanism. Focus on learner centered Teaching- Learning and online evaluation process: Our college has focused on learner centered teaching learning and online evaluation processes. The role and approach of IQAC has been very instrumental to bring about this change. HODs, as decided in the meetings of the departments, monitor the activities of teaching and learning, teaching plans and teacher diaries. There are sufficient number of LCDs in the college and the teachers use PPTs, models, maps, practicals to be screened in the classroom. The audio visual aids help a lot to boost the confidence of the learners. Recently, various online tools such as Google Classroom, Zoom Meet, Google Meet, Video Lectures, Testmoz, Google form etc. are used by our teachers. There is separate app designed by the parent institution named SPM app to deliver video lectures and conduct the tests. In addition to this, the college has established SWAYAM- NPTEL chapter in collaboration with IIT, Madras.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college is located in rural area hence both boys and girls come to the college from the various villages by bus. Majority of the girl students come to the college by bus and some live in girls' hostel. The college has the committee such as Internal Complaint Committee, Anti Ragging Committee, Grievance Redressal Committee for Women and Discipline Committee to solve any of the problems of girl students. These committees organize various programmes related to gender equity, safety and security, self-defense, sensitization and awareness activities of women empowerment etc. To provide them safe and secure atmosphere, the facilities such as independent common room, urinals and toilet block, vending machine of sanitary napkins, separate RO drinking water facility, cycle stand, separate sitting room in the college canteen etc. are made available. In the library, there is ample space in the reading room for girls. Damini Squad of Police always visits the college campus and patrols on the roads coming to the college. Dr. Anjali Kadam has been appointed as a visiting medical officer for any health problem and emergency.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college is affiliated to PAH Solapur University. It runs the curriculum prescribed by the university. The syllabi of various classes are revised by the concerned Board of Studies by appointing sub committees of the members from affiliated colleges and other universities and approved by the Academic Council. Every semester of the academic year begins with the staff meeting in which the Principal announces different college internal committees and guides the faculty members about curriculum planning and implementation. IQAC prepares academic calendar of the college and the copies are circulated to every Head of the Departments. Programme-wise time table is prepared by the time table committee. Heads of the Department organize the meetings of the faculty members of the department, in which the academic planning, review of the result of previous examinations, activities to be carried out along with evaluation process are discussed. The entire process of curriculum delivery is monitored by the heads of the departments and the Principal. Faculty delivers curriculum by using various teaching methods and teaching aids. Faculty members prepare their own teaching plans accordingly and the record of it is maintained in their personal academic diaries.

2.2 - Catering to Student Diversity	
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners	
The college is located in a rural area so the students have limited exposure. The geographical area and socio-economic	

background have become hurdles in the learning process. As a result, most of the students are slow learners; therefore, it has been the academic practice of the college to identify slow and advanced learners and develop a mechanism to guide them in improving their learning level. The principal conducts general lectures in the classes of faculties so as to counsel the students in the aspects of their academic and social background. The remedial course in English is organized for first-year undergraduate students to cope with problems they face in English. Teachers provide information about additional learning material and references to read for advanced learners and they give simple and easy reading material to the slow learners to bring confidence in them. The college has the activities such as remedial coaching, book bank facility, tests and tutorials, home assignments, personal counselling, proper guidance for specific difficulty, question bank, solving of previous question papers, industrial visits and study tours to improve their performance. They are encouraged to participate in various certificate and diploma courses, research competitions, online SWAYAM- NPTEL courses and INFLIBNET facility.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

It has been an endeavour of the faculty members to implement student centric methods, experiential learning, participative learning and problem solving methodologies while dealing with

various classes in the college. At the outset, this is done by introducing the proper academic planning. Teachers in the various departments as per the requirement and need of the subject use appropriate and suitable methodologies and approaches in the teaching learning process. The prime objective of these ways is to establish learner centric and learner friendly conducive atmosphere. Various teaching-learning procedures and pedagogical methods employed by the faculty members are:

Experiential learning: The experiential learning method is a part curriculum to develop the learning abilities among the students of science, social science and commerce faculties.

Participatory learning: Faculty members organize various activities and events such as seminars, group discussions, industrial visits, community surveys, participation in seminars/conferences/workshops, research paper reading and writing at PG level etc. to increase the participation of students in various events.

Problem Solving Method: The problem-solving approach plays a seminal role at individualistic level and social level. In the present global scenario, it is important to give appropriate scope to the students in assimilating this approach in academic environment.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Teachers in the college have been practicing effectively and intensively the tools like electronic resources, Information & Communications Technology (ICT) for effective teaching-learning process. All the faculty members are making the use of ICT tools and resources available in the campus. The parent institute has developed two mobile apps, SPM app for teachers and SPM app for students, to make teaching-learning process proactive and student centric, wherein various facilities are made available through which teaching learning process is totally monitored and

controlled. Every faculty member has used PPTs and prepared video lectures for students. They are uploaded on YouTube channel and the link of same is given on SPM App. The faculty members also use open resources available on internet such as Video Conferencing (Google Meet, Zoom, Google Classroom, etc.), Testmoz, Google form, e-learning technology, etc. The college facilitates the use of PPTs, LCD projectors, e-books & e-journals, CD library and modern instruments/equipment's in the various laboratories. The college is the local chapter of SWAYAM - NPTEL. So college facilitates the use of UGC SWAYAM video lectures to the UG, PG and research students and Faculty members in order to upgrade their knowledge in the respective fields of learning.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college has developed continuous and comprehensive internal evaluation, called College Assessment (CA), in accordance with the norms and guidelines of PAH Solapur University, Solapur. All streams UG and PG programs have a Choice Based Credit System (CBCS), so CA programme is executed as per the University rules. As the evaluation pattern is semester, the CA programme is also executed twice in the academic year. The college authorities and college examination committee prepare the CA schedule and it is included in the academic calendar and communicated to the students on the central notice board. This CA procedure includes internal theory as well as practical examination, unit tests, tutorials, home assignments, field projects, seminars, orals, industrial/educational visits, attendance, etc. These question papers are prepared in a uniform pattern and as per the guidelines of the University so as to make students aware of university examination pattern.

This internal examination conduction pattern is replica of university examination. For control and prevention of malpractices in the internal examination, the college has appointed internal squad, same as the university examination.

After the evaluation of answer sheets, it is shown to respective student for their queries, which maintains the transparency and accountability in evaluation process.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Examination is an integral part of the education system and student satisfaction is always at the centre of this system whether it may be examination conducted by external agency such as university or may it be college internal examinations.

The internal examinations committee plans and organizes various examinations to assess the domain knowledge in the concerned subjects.

It is as transparent as the university examinations and robust in frequency and implementation.

It also addresses to the grievances of the students, if any.

1.The both university & college level grievances of the students are addressed depending upon the necessity of the grievances.

2.The grievances related to the internal assessment are handled by the internal examinations committee.

3.The college has framed and constituted Grievances Redressal Committee to look into the matter and appropriate measures are taken transparently, sensibly, punctually and within the stipulated time.

4.Internal examination answer sheets are shown to the students after the assessment by the concerned subject teachers for further clarification of the students.

5.The internal practical examinations related grievances, if any, are resolved immediately by the concerned subject teacher and Head of the Department and corrected marks are uploaded on the website of university through college login.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

In any academic institution, the programmes introduced are generally based on the local and global needs of the learners. This is the prime objective of any programme and programme specific objectives and outcomes are stated so as to understand the utility and relevance of it. The programme has general objectives and outcomes whereas each course included in the programme has its own independent objectives and outcomes.

The Board of Studies (BoS) of university is the principal body to look into this matter. It prepares the syllabus for both UG and PG programmes taking into account the local and global need of the students. POs and COs are clearly stated initially in the syllabus. The syllabi and learning outcomes are discussed in departmental meetings with the teachers. The faculty members communicate the programme outcomes and course outcomes to the students at the beginning of the year. The POs and COs focus on developing knowledge and skills of the students which is necessary for building students' creativity, competence and personality.

In short, UG and PG programmes offered by the college cater to multiple interests and needs of the student community and building the human capital needed by the society and nation.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

It is the prime responsibility of the institute to see the progress of the wards. As far as curricular aspects are concerned, the basic criterion is to check the attainment of Programme Outcomes (POs) and Course Outcomes (COs). To realize this POs and COs, the College focuses on human resource as well as physical capital. The college uses various tools where assessment rubrics for direct and indirect assessments are introduced. The student performance data is displayed on notice boards as well as shared in classrooms and attainment is judged. If the attainment is less than expectations, the concerned faculties try to provide their requirements by arranging supplementary practice such as assignments, practicals, orals, etc. The faculty also has the tradition to establish friendly rapport with the students and this helps the learners to share their difficulties and doubts with the teachers. Attainment of POs and COs is linked to the teaching tools and methodologies, wherein various departments have evolved from the traditional chalk & board teaching methods to experiential or field learning

techniques like seminars, workshops, industrial/field visits, historic walk, training programmes, etc.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Our college has good tradition of research and innovation to impart new knowledge, which is created, transferred and shared. There are nine research centers in the subjects of Botany, Physics, Electronics, Zoology, Geography, Economics, English, History and Commerce to pursue research. These research centers are centers of knowledge creation through the activities of research. Twenty six research students have completed Ph.D. from these centers. All the research centers have good tradition of publishing research papers in reputed national and international journals having international parameters such as impact factor and h-index. There are compulsory research projects at M.Sc. and B.Sc. which contribute to the creation of new knowledge. To complete a research project which is the part of syllabus is the beginning of real research. This component of the syllabus helps the students to think towards innovations and creation. It is observed that in many departments the students on their own take part in the research competitions at state level research festival named AVISHKAR. The papers presented by the students have got awards in this festival. The study tours and industry visits are organized to increase the real knowledge of the students.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The facilities include physical facilities, infrastructural facilities including IT infrastructure, library facilities, and other necessary requirements that provide multiple learners opportunities. The college has 17 acres of eco-friendly campus with adequate infrastructural facilities and it makes optimal use of these facilities for the effective and efficient conduct of curricular, co-curricular, extracurricular, and administrative activities. The college has taken utmost care of the available facilities by maintaining security, safety, and an environment-friendly atmosphere to the students. The campus is surrounded by full greenery, attractive landscaping at some places, protecting it from pollutants and availing water supply facility with supply points on playground, canteen, urinals and toilets, garden, laboratories, indoor stadium, and office. The college has sufficient classrooms in A-Wing, B-Wing, and C-Wing, an Administrative building, Indoor Stadium, Gymnasium, and Boys' and Girls' hostels. There are well-equipped laboratories for Physics, Chemistry, Electronics, Botany, Zoology, Mathematics, Statistics, Geography, Lingua phone Language Laboratory (English), and Agrochemicals and Pest Management (AGPM) departments. Notice boards are displayed at various points including the administrative office, departments, library, and Gymnasium for disseminating information to the students and parents.

4.2 - Library as a Learning Resource**4.2.1 - Library is automated using Integrated Library Management System (ILMS)**

The College library has purchased Integrated Library Management Software (ILMS) in March/April 2007 developed by INFLIBNET Gandhinagar Gujarat namely as SOUL 1.0. This Software is Web-based Software and updating regularly.

Now, we have updated SOUL 3.0 version into SOUL 2.0 software from July 2022. The library is automated by using this software. All the main functions (modules) of library and management software are Acquisition, Cataloging, Administration, OPAC, Circulation, Serials Control and help. All these functions of library are carried out by using SOUL Software.

From this Software, we can put purchase order, suggestions to & by the students, Cataloging, services, Transaction (issue, return, renewal, reserve, loss, missing, overdue etc), Book Bank Issue return, Login/Logout, ILL, simple search, member OPAC, System user & group and general master data.

Along with the above mentioned functions, the software is also used to generate various types of reports, membership and member ID card with barcode, photo, validity etc which are necessary for digitalization of the library.

The Cataloging and classification are also done with the help of SOUL 3.0. Thus using this ILMS, Library is automated and working

smoothly and efficiently.

4.3 - IT Infrastructure**4.3.1 - Institution frequently updates its IT facilities including Wi-Fi**

As per requirement and need of the students, the college has been increasing its IT infrastructure. The college has designed and updated website (www.smmakj.ac.in) to give appropriate and proper information to the stakeholders. The website is dynamic in nature and updated frequently as and when there is new information, announcement or programme. The administrative block is well equipped with Wi-Fi connectivity, intranet, Vriddhi Office Automation software for online admission and other support, MKCL, MAHADBT and HTE Sevarth Pranali. MAHADBT is used for online submission of scholarship forms for various scholarship schemes. The HTE Sevarth pranali is used for salary purpose. The master server of Vriddhi software is controlled and maintained in the Principal's office. The Library has SOUL 3.0 software developed by INFLIBNET is web based software and updated regularly. In the library building, there is separate Network Resource Centre with one server and thirty six terminals having bandwidth of 100 mbps speed. The library provides the e-resources to students, researchers, faculty members through INFLIBNET-NLIST and National Digital Library (NDL) through remote e-access. Each academic department, NSS, NCC, Sports, Cultural department, Maharshi Career Academy, YCMOU study center, Examinations Department are provided with computers, internet facility and LCD projectors.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

The provision of students' council has been introduced under section 99 in the Maharashtra Public Universities Act. 2016. After implementation of the said act, by this or that reason, the elections of the student council were not held at state level in all colleges. However, the college has not stopped the process of participation of students in various college level committees and Govt. bodies. The Principal of the college, in consultation with the various heads of the departments or committees, has appointed eligible students in the college level committees such as IQAC, ICC, Anti-ragging committee, NSS, NCC, Annual Magazine, Grievance Redressal Cell, Sports and Cultural committee. Students are given the opportunity to play the anchor role and propose a vote of thanks in the organizations of events in the programmes of concerned departments. Students are also given the opportunity to learn management skills in the programmes of NSS, Sports, NCC and Cultural committee. The 'Teachers' Day' on 5th September is celebrated in all departments and it is entirely organized, managed and conducted by the students. In cultural activities and sports, many of our students have represented the university.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Reflection of Vision and Mission:

The management monitors the entire education process. The College Development Committee guides the college to remain in tune with the motto, vision and mission. The IQAC of the college monitors all activities of the college and plans for various academic, curricular and extra-curricular activities and incorporate them in the annual planning.

The College organizes various functions and events so as to inculcate value-based education among students. There is no distinction on sex, region, religion, caste, creed, class. The College tries to uplift the downtrodden and socio-economically deprived students by providing them with special attention so that no one should give up the track of education. Several schemes such as 'Earn and Learn' and 'Student's Aid Fund' are offered to the needy students. Women empowerment is emphasized

through various activities. For this, the college has been awarded with a memento and Rs. 3 lakh for Jagar Janivancha by the Government of Maharashtra in 2013. The post graduate programmes such as M.A. (English, History and Hindi), M.Sc. (Electronics and Agrochemicals & Pest Management) and Ph.D. (9 subjects) are introduced. Outreach programs and extension activities are organized through NSS, NCC and Cultural Department which aim at community development.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The performance appraisal assessment of teachers is one of the aspects of evaluation of the work done by a teacher in every academic year between June and April. At the end of every academic year, performance appraisal assessment forms are

circulated in the form of hard copy and editable soft copy. They are asked to submit completely filled hard copy along with the relevant documents to the concerned head of the department. The Head of the department with due certification and remarks sends it to the Principal of the institute. These are assessed by the IQAC and the Principal. After the Principals remarks, the IQAC committee confirms API score calculated by the teacher with relevant documents attached with appraisal forms. ASAR format is being used for assessment.

Performance Appraisal of non-teaching staff is done through the confidential reports (CR). The parameters of evaluations are discipline, punctuality, accountability, technical knowledge, administrative skills, emotional integrity and behavior. The CRs are forwarded with proper remarks and recommendations of the Principals to the Management for further necessary action. On the basis of CRs and by applying the rules of the government made for non-teaching staff, the promotions are given to the non-teaching staff.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The parent institution, Shikshan Prasarak Mandal, Akluj, has a well-defined mechanism and policies to monitor the financial matters tunedwith policies of the Government of Maharashtra and Central Government of India. Needless to say, the college has to follow all the procedures related to financial business as per the norms and policies of the parent institution, the affiliating University, Government of Maharashtra and Government of India, UGC and other autonomous bodies of the government. The college has well defined strategies for mobilization of funds and optimal utilization of resources. The annual budget is prepared

considering the need and requirements of the college against the expected income. The budget is prepared by the concerned section and presented in the College Development Committee (CDC) for suggestions and approval. After seeking the approval of the CDC, the copy of the same is communicated to parent institution. The resources are mobilized from different sources such as Central Govt. of UGC, Govt. of Maharashtra, the University, Parent institution and the admission fees from the students. For the utilization of resources, there is central purchase committee at parent institution level that invites quotations from eligible parties and the lowest quotation is given the work order.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Journey towards excellence is a continuous process. In any educational institution, updating the previous system and introducing the new items is a crucial phenomenon in the progress and development of it. The Internal Quality Assurance Cell (IQAC) is at the center of academic and administrative planning. The IQAC has been contributing significantly to institutionalize the activities in the direction of quality assurance.

1. Introduction of Skill Development Certificate Courses: As it was the need of time to introduce skill development courses at college level to improve various skills of the students.

2. Restructuring of College Committees for Quality Enhancement: IQAC observed the fact that there is a need to restructure the college level committees for effective functioning of the overall business of the college.

3. Submission of SSR and NAAC peer team visit.

4. Organization of workshops, seminars, and conferences.

5. Online teaching through SPM Application.

6. Academic Administrative Audit.

7. Feedback analysis from various stakeholders.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Academic and Administrative Audit of the educational institute is an important aspect of the evaluation of incremental growth of it. The IQAC of the college monitors this growth by implementing effective mechanism. Focus on learner centered Teaching- Learning and online evaluation process: Our college has focused on learner centered teaching learning and online evaluation processes. The role and approach of IQAC has been very instrumental to bring about this change. HODs, as decided in the meetings of the departments, monitor the activities of teaching and learning, teaching plans and teacher diaries. There are sufficient number of LCDs in the college and the teachers use PPTs, models, maps, practicals to be screened in the classroom. The audio visual aids help a lot to boost the confidence of the learners. Recently, various online tools such as Google Classroom, Zoom Meet, Google Meet, Video Lectures, Testmoz, Google form etc. are used by our teachers. There is separate app designed by the parent institution named SPM app to deliver video lectures and conduct the tests. In addition to this, the college has established SWAYAM- NPTEL chapter in collaboration with IIT, Madras.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college is located in rural area hence both boys and girls come to the college from the various villages by bus. Majority of the girl students come to the college by bus and some live in girls' hostel. The college has the committee such as Internal Complaint Committee, Anti Ragging Committee, Grievance Redressal Committee for Women and Discipline Committee to solve any of the problems of girl students. These committees organize various programmes related to gender equity, safety and security, self-

defense, sensitization and awareness activities of women empowerment etc. To provide them safe and secure atmosphere, the facilities such as independent common room, urinals and toilet block, vending machine of sanitary napkins, separate RO drinking water facility, cycle stand, separate sitting room in the college canteen etc. are made available. In the library, there is ample space in the reading room for girls. Damini Squad of Police always visits the college campus and patrols on the roads coming to the college. Dr. Anjali Kadam has been appointed as a visiting medical officer for any health problem and emergency.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Solid Waste Management:

The solid waste is collected by students, teaching and non teaching staff and stored in dustbin The NSS and NCC volunteers arrange campus cleanliness for solid waste management and send to

recycle purpose by 'Ghanta Gadi' of Grampanchayat Malewadi (A). The leaf molds of plant are collected and sent to Vermicomposting unit.

Liquid Waste Management:

Liquid waste is collected in soak pit in the corner of Physics Laboratory wherein all the liquid waste from Chemistry, Botany, Zoology and Physics laboratories is collected. Waste water coming from library, staffroom and canteen is used for watering gardens and plants.

Rain water Harvesting:

The rain water harvesting structures are constructed in college campus water is harvested underground which is utilized by various plants in garden. The rain water on the roof of building is collected through pipes and stored in tanks, which is used as distilled water. .

E-waste Management:

In rural area it is very difficult to develop e waste management system in a village like Akulj. In various departments and offices - the outdated computers, toners, pen-drives, batteries, electronic equipments and other parts regarding various instruments are collected by parent institution in order to ensure their safe recycling.
